The 12 words above are your recovery phrase (mnemonic seed). They are the only thing needed to access your funds and restore your bitcoin wallet, so no one except you should be able to access it. It's strongly NOT recommended to store your recovery phrase digitally (in an email, online service, screenshot, photo or any other type of computer file).

Passphrase

Optional. Provides extra security when stored separately from the recovery phrase.

Write down the following information if it is provided. It is not absolutely necessary, but may simplify the wallet recovery process.

Derivation path

Fingerprint

Describes how addresses are generated from the recovery phrase.

Used for validating that the wallet was restored correctly.
